📍 Amol, Iran

About Me

A flutter developer who adores programming, algorithms and problem-solving. Flexible working independently and collaboratively on projects. Eager to learn new methods and libraries.

Work Experience

[Mithra Solution](#)

Flutter Developer

June 2022 - July 2023
Remote

- Developed an entire app from scratch for both iOS and Android
- Integrated the project with the given gRPC and RESTful APIs
- Collaborated with the UI/UX team to bring ideas to life

[Hyponet](#)

Flutter Intern

June 2021 - March 2022
Amol, Iran

- Gathered hands-on experience in developing and maintaining a flutter application as a part of a start-up team
- Contributed to the refinement of 4 key features for the start-up's apps

Education

Bachelor's degree of Computer (Software) Engineering
